A Message From Our President

For more than four decades, County College of Morris (CCM) has stood as a quality institution the community can turn to for an outstanding education at an affordable price. Since we opened in 1968, more than 45,000 graduates have passed through our halls. Many of our graduates transfer to top colleges and universities and have become teachers, nurses, police officers, doctors, engineers and entrepreneurs. We also are a resource for those looking to transition to a new career, learn a new skill or unleash their creativity. Additionally, we offer the community numerous cultural activities and events to take advantage of each year, including our well-respected Longo Planetarium shows, a full performing arts schedule and annual poetry festival.

We welcome your interest in CCM and encourage you to take full advantage of all we have to offer.

Dr. Edward J. Yaw
President, County College of Morris

Something for Everyone
