In addition to providing support services to student-athletes including, but not limited to, personal counseling, financial aid, tutoring and transfer assistance, the Athletics Program offers a professional, industrious and highly motivated coaching staff, modern up-to-date facilities and high level support in the treatment, prevention and care of injuries.

All students interested in competing in the intercollegiate program are required to carry, as a regularly enrolled student, a minimum of 12 credit hours of college work as listed in the college catalog. Students must pass a complete medical examination prior to each season of participation. Students must also maintain a satisfactory average as mandated by the college and/or the National Junior

All transfer students from either a two- or four-year college should contact the Director of Athletics regarding the status of their eligibility prior to competition. Transfer student/athletes are required to have all official transcripts from their previous institution forwarded to the County College of Morris Athletic Department in order to determine eligibility status. Athletic eligibility is determined solely by the athletic administration. Appointments can be made in advanced of transfer to determine status only when transcripts are made available.
