

# Additional Opportunities and Programs for the Community

---

The Center for Workforce Development provides an array of training and professional development courses to meet the needs of all individuals including those with intellectual or developmental disabilities, persons looking to transition in the workforce, or those trying to re-enter the workforce. View the Opportunity programs which are the prevocational, foundational skills programs that assist young adults and adults with intellectual or developmental disabilities to enter the workforce. For individuals looking to transition employment, or need assistance to upskill or reskill, please see the resources under Unemployed, Underemployed and Dislocated.
