

Career Services

Through a comprehensive series of programs and services, Career Services supports CCM students and graduates as they make career decisions, develop job search strategies, pursue experiential learning opportunities, and secure employment. For more information, visit the **Career Services** (<https://www.ccm.edu/student-support-services/career-services/>) website.

Job Listings

Employers post full-time, part-time, and internship opportunities for CCM students and graduates on JobConnect (<https://www.ccm.edu/student-support-services/career-services/students/jobconnect-job-posting-system/>).

Job Search Support

Students and alumni may request assistance as they address individual employment concerns, such as resume development, interview techniques, and job search strategies.

Campus Student Employment

Eligible students are referred to campus departments for employment during the summer and academic year. Off-campus community placements may also be available. For more information, visit the Work-Study Program (<https://www.ccm.edu/student-support-services/career-services/students/student-aide-work-study-program/>) website.

Internships & Experiential Learning

Internships and other experiential learning opportunities allow students to integrate classroom instruction with practical experience and are available in many academic programs at County College of Morris. For more information, visit the Internships & Experiential Learning (<https://www.ccm.edu/student-support-services/career-services/students/cooperative-education-internships/>) website.

Online Resources

Students and alumni are afforded access to a variety of web-based employment tools and resources (<https://www.ccm.edu/student-support-services/career-services/#online>), such as Skills First, Career Concourse, Candid Career, What Can I Do With This Major? and JobConnect.
