

# Testing Center

---

Testing services provided by the Testing Center include basic skills placement testing in Mathematics, English, ESL and Technology Literacy Competency for newly admitted and newly matriculated students, and College Level Mathematics placement testing for students wanting to place into more advanced Mathematics courses. Sample questions are available through the [Testing Center \(https://www.ccm.edu/admissions/placement-testing-2/\)](https://www.ccm.edu/admissions/placement-testing-2/) website.

CLEP (College Level Examination Program) is a credit-by-examination program. Students can demonstrate their proficiency in a variety of subjects. Information can be found on the [College Board \(http://www.collegeboard.com/clep/\)](http://www.collegeboard.com/clep/) website and the Testing Center (<http://www.ccm.edu/admissions/placement-testing-2/testing-center/>) website. CLEP testing is scheduled on a mutually agreed date and time between the Testing Center and the student.

The Testing Center offers a number of academic and workforce development certification assessments, such as the Microsoft Office Specialist certification and QuickBooks certification. You may contact the Testing Center via email at [Testing@ccm.edu](mailto:Testing@ccm.edu) with any inquiries and scheduling on a mutually agreed date and time.

The Testing Center provides proctoring services for other schools and organizations. Please view our [Proctoring Services \(https://www.ccm.edu/admissions/placement-testing-2/testing-center/proctoring-services/\)](https://www.ccm.edu/admissions/placement-testing-2/testing-center/proctoring-services/) (for schools and organization) website for information.

The Testing Center is certified by and subscribes to the [National College Testing Association \(https://www.ncta-testing.org/about-the-proctoring-network/\)](https://www.ncta-testing.org/about-the-proctoring-network/) (NCTA) Professional Standards and Guidelines and is an active participant of the NCTA Proctoring Network (NPN) which provides testing services to students away from their campuses.
