

The College

About Us

Located on 222 acres of rolling terrain in Randolph, County College of Morris (CCM) has been meeting the educational and training needs of residents and businesses in Morris County for more than 50 years. The college first opened its doors to students in 1968 after Henderson Hall, the first building on campus, was completed. The first class consisted of 592 full-time and 703 part-time students. Enrollment grew quickly and now CCM graduates more than 1,000 students each year.

CCM is committed to excellence in teaching and lifelong learning through the delivery of exceptional programs and services to our students and to the larger community that reflect a dedication to educational advancement, cultural enrichment and workforce development. A dedicated faculty engaged in research and practice provides CCM students with a learning environment that has produced one of the highest graduation and transfer rates among New Jersey's community colleges.

Today, the college offers more than 100 programs, including associate degree programs and an extensive selection of industry-recognized certificate and workforce development programs. The college holds more than 200 transfer agreements and its graduates annually transfer to the state's and nation's best four-year institutions.

CCM also provides multiple opportunities to be engaged in an active student life program. In particular, there are more than 50 student clubs and organizations, an award-winning student newspaper and literary magazine, and eight intercollegiate athletic sports programs for men and women, including an e-sports team.

Included among its distinctions, CCM was the first community college in New Jersey to be named a National Center of Academic Excellence in Cyber Defense Education by the National Security Agency and Department of Homeland Security. Along with a strong STEM foundation, the college is known for the quality of its liberal arts, performing arts, health science, and culinary and hospitality programs. Payscale ranked CCM #1 Best Community College in New Jersey by Salary Potential and Top 5% of Community Colleges in the Nation. Intelligent named CCM a Best Community College in the state and Best for Transfer Students in the state, and according to Best Accredited Colleges, CCM is #1 Best Community College in New Jersey. Plus, numerous academic degree programs have been ranked nationally, in the mid-Atlantic and in the state by College Factual.

CCM is fully accredited by the Middle States Commission on Higher Education (<http://www.msche.org/>), 1007 North Orange Street, 4th Floor, MB#166, Wilmington, DE 19801 (June 2018). Its other accreditations include Accreditation Council for Business Schools & Programs, Engineering Technology Accreditation Commission of ABET, New Jersey Board of Nursing and Accreditation Commission for Education in Nursing, Commission on Accreditation for Respiratory Care and the Joint Review Committee on Education in Radiologic Technology.

Within recent years, CCM has experienced significant growth in its course and program offerings. Responding to labor force demands

and the interests of students, the college has launched programs in animation and virtual reality, expanded its cyber security offerings to high school students and established apprenticeship programs in advanced manufacturing and healthcare. It also has expanded and updated its facilities, including the construction of a LEED certified Landscape and Horticultural Technology building, a Music Technology Center, an Advanced Manufacturing and Engineering Center and a Healthcare Simulation Center.

Looking ahead, the college, in partnership with the Morris County Chamber of Commerce, is constructing a Center for Entrepreneurship and Culinary Science on campus to enhance and support innovation and entrepreneurship throughout the region. Additionally, the Morris County Vocational School District is building a Career Training Center at the college for high school students to take part in dual enrollment programs with CCM to gain the knowledge and skills to pursue in-demand careers, while earning college credit. An impressive 70,000 square foot Center for Health Professions will expand CCM's healthcare programs, including dental hygiene, dental assisting, surgical technology, diagnostic medical sonography and medical assisting.
