

# Computing and Information Technologies

---

**Gain new skills to begin a career in the computer technology industry,  
OR learn new skills, update old skills and polish your resume to prepare for new career opportunities!**

**[Coding \(http://catalog.ccm.edu/noncredit/career-professional-programs/ComputingInfoTech/Coding/\)](http://catalog.ccm.edu/noncredit/career-professional-programs/ComputingInfoTech/Coding/)**

An increasing number of businesses rely on computer code and on individuals who are versed in a range of programming languages. Coding is not a skill limited to the technology sector. Individuals with coding skills may find careers in hospitals or manufacturing, as well as high-tech companies.

## **CompTIA Certifications**

CompTIA® is the industry standard for IT professionals and a necessity for future career growth in the field.
